PREMISE

Hasken Matasa is a programme that started in August 2021 with aim of sensitising youths on different spheres of life as it affects them, providing possible solutions to immitent and future problems in order to improve them and the nation and generally. This episode attempts to look at how far the programme has gone in serving the purpose it was meant for in the last 24 weeks since inception.

ISSUES

The guest vehemently agreed at so far so good the programme is serving it purpose as some mentioned that some of the matter discussed overtime is taken care of partly by some individuals in the best way they can. Some drug addicts are dropping the act gradually and some people are helping to build toilets as a result of listening to the episode of this programme that addressed the issues.

...MORE ISSUES.

RECOMMENDATIONS

Feedback from the listener showed the public appreciating the effort the organisers and encouraging them to more before finally calling on the public to support them. The programme has gradually crawled to the heart of Kano citizens with listeners all over and even club called Hasken Matasa Listeners Club.

Despite the success recorded so far the organisations have had difficulties inviting professionals as guest speaker and in choosing topic of discussion.

Recommendations

1. The organiser are encouraged to Collaborate with like organisations in order to extend their reach.
2. Other are organisations like Aminu Magashi Garba Foundation and YOSPIS were encouraged to spring up.
3. In choosing topics of discussion, youths from the general public should be consulted.
